PROJECTS

- **Project No.** 1
- **Project Title** :- Online Travel Deal
- **Duration** :-19th December'13 to 17th January'14
- **Platform** :- Front End : J2EE Back End : Oracle 10G
- **Description** :-It simply bundles up various tour packages across the country and puts them together in an organized manner before the customer. Customer can view the details of the packages and book the desired deal instantly.Customer can register into the system to view various deals and book the desired one. Further he/she can check the system for booking confirmation by providing the respective id and password. A help desk runs 24x7 to assist the customer in case of any query and bridges the gap between customer and administration leading to a satisfiable communication.
- **Participation** :-My role was to create the databases, writing program-code to connect the databases with the appropriate servlets (JDBC connection) to process the input and creating expected results.

- **Project No.** 2
- **Project Title** :- **E-Cops**
- **Duration** :- 18th June'14 to 16th July'14
- **Platform** :- Front End : ASP.NET with C# Back End : SQL Server Database 10
- **Description** :- It is the project where easily lodge complain online. People can lodge their complain at online, check their complain status. But at first people should register him/her self. Using login id and password they can login and can lodge complain. Normal people can withdraw their complain by giving only the complain id. In cops module each cop can also lodge their complain, edit status depending on progress and can delete complain. Here also cops can withdraw their complain.

At 24*7 customer service provided.

- **Participation** :- My role was to create the databases, modules writing program-code to connect the databases with the appropriate to process the input and creating expected results.
